

QUALITY & FOOD SAFETY POLICY

In line with our integrated policy and with the defined values of Adecoagro, we assume the commitment to be a quality food producing company.

Our commitment is focused on:

MANAGEMENT COMMITMENT

To integrate the requirements of the Food Safety Management System into business processes, making sure that they are consistent with the strategic direction of the Company.

COMPLIANCE

To comply with the applicable legal and regulatory requirements, and with the requirements previously arranged with our customers.

CUSTOMER SATISFACTION

We pursue to satisfy the needs and expectations of our stakeholders, inside and outside the Company, with the objective of providing best quality products and services.

SAFETY CULTURE

To promote a food safety culture at every level within the Company, through education, awareness and continuous training of our employees, in order to ensure their safety-related skills and the quality of our products.

COMMUNICATION

To set up, implement and maintain communication channels with our suppliers, official authorities, clients or customers, and with our employees. Efficient communication is key to achieve an appropriate Food Safety Management System.

CONTINUOUS IMPROVEMENT

To promote the continuous improvement of our Food Safety Management System. In line with the implemented international recognized standards, define measurable goals – approved by Top Management-, in order to guarantee the improvement of the performance and quality of our processes.
