

QUALITY & FOOD SAFETY POLICY

In line with our Integrated Policy and the values defined in Adecoagro, we are committed to being a company that produces quality food.

Our commitment is focused on:

MANAGEMENT COMMITMENT

Integrate business processes, from their origin and throughout the production chain, according to the requirements of the Food Safety and Quality Management System, ensuring their compatibility with the strategic direction of the organization.

COMPLIANCE

Produce safe and authentic food that complies with applicable legal and regulatory standards and with the requirements mutually agreed upon with customers, with the objective of providing quality products and services. We seek to satisfy the needs and expectations of our internal and external stakeholders.

FOOD SAFETY CULTURE

Promote a Food Safety and Quality culture at all levels of our company, through education, awareness and continuous training of our employees, in order to ensure their skills related to the safety and quality of our products.

COMMUNICATION

Establish, implement and maintain communication channels with our internal and external stakeholders, for the proper management of our Quality and Food Safety System.

FOOD LOSS & WASTE

Assume a commitment to reduce food loss and waste within the organization and the supply chain.

CONTINUOUS IMPROVEMENT

Promote the continuous improvement of our Safety and Quality culture and, consequently, of the Food Safety and Quality Management System. In line with the internationally recognized standards implemented, we seek to define measurable objectives reviewed by management in order to ensure the improvement of the performance and quality of our processes.
